

CAPABILITY STATEMENT

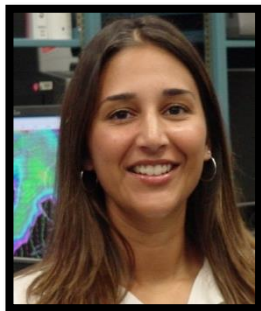

DUNS#: 08-002-4190

CAGE#: 7GXN4

**NAICS CODES (commonly supported):
541990, 541690, 541620**

InitWeather specializes in providing weather products and decision support services to government agencies and commercial companies. With approximately 34 years of combined weather forecasting experience in operations and hazard weather monitoring and 15 years of experience in numerical weather prediction and modeling, including the development of proprietary weather forecasting methods that integrate artificial intelligence to produce a more reliable weather forecast, InitWeather is strongly at the frontier of 21st century weather forecasting.
